Service Times:

Discipleship Classes 9:AM / Worship Service 10:AM

Welcome...

Here it is... the first worship service of 2018. Have you given consideration to the thought – What will God require of me in 2018? Often times what we are willing to give the Lord and what He is requiring from us, are two totally different things. God’s desire is to make you more like him. It is through the Christian that God reflects His image to the lost world around us. 2018 holds 365 opportunities for you to affect the world around you. Each and every day we are given a gift and that gift is other people, who need to hear the gospel. The question is... will you deliver the gospel to them in an effort to see them come to Christ? That is the question each Christian must answer. Will we live for self, or for Christ?

What is God requiring of you in 2018? God is not a God who accepts whatever we chose to offer. God has a requirement for each one of us, and though it may vary from one person to the next... you can be sure that each of us will held accountable for that which He requires. Today, churches and the people in them are all about saving money – saving time – saving energy. God is still about saving souls.
